

Expanding Clinic Capacity to Strengthen Longitudinal Attachment

Support longitudinal attachment by increasing clinic spaces for incoming family physicians to improve access to Primary Care.

Enhancing Timely Access to Comprehensive Primary Care

Ensure patients receive timely access to the full spectrum of primary care services — whether longitudinal, episodic, urgent, or specialist-related — by leveraging Division-led initiatives, Primary Care Network (PCN) resources, and community partnerships.

Supporting and Engaging Division Members

Meet the evolving needs of our members by actively listening to their challenges, understanding their priorities, and delivering responsive, practical solutions.

Amplifying the Voice of Primary Care

Elevate the influence and visibility of primary care by fostering leadership, building strong partnerships, and advocating for the value of primary care within the healthcare system.
