

Nanaimo MOA Network

In 2019, local clinics began raising concerns about challenges in recruiting and retaining MOAs. At the same time, universities and colleges were seeing low enrollment in related programs, and MOAs themselves were reporting feelings of burnout and a lack of support. In response, the Nanaimo Division launched a local MOA Network to help address these issues and provide meaningful support

Joining the Network provides you with events, training opportunities, resources, and a quarterly newsletter.

[Division Website](#)

The Division Website is your one-stop shop for the MOA Network! This is where you will find resources, upcoming events, any handouts from previous sessions, past newsletters, THIS document, and of course, the link to join the Network!

LET'S GO!
